Fiscal Year 2019 Actual	<u>\$17,030,665</u>					<u>\$7,306,118</u>	\$24,336,783
Fiscal Year 2018 Actual						<u>\$4,388,300</u>	\$4,388,300
Fiscal Year 2017 Actual						<u>\$7,068,343</u>	\$7,068,343
Fiscal Year 2016 Actual						<u>\$4,360,000</u>	\$4,360,000
Fiscal Year 2015 Actual						<u>\$2,652,866</u>	\$2,652,866
Fiscal Year 2014 Actual						<u>\$5,028,430</u>	\$5,028,430

Notes:

To view a list of awards from NIH RePORTER, please click on underlined dollar amounts. RePORTER provides the most up-to-date information available on funded projects, so the data are not frozen and changes in the administrative details of prior awards can occur. The totals reported in this table include additional funding to the CTSA Program beyond NCATS' CTSA Appropriation. For details of CTSA funding with NCATS appropriated dollars, please go to <https://ncats.nih.gov/ctsa/funding>.

¹ This category includes funding received from other NIH Institutes and Centers (ICs) to support a variety of collaborative projects and trans-NIH initiatives. Examples include: Research Focused on Maternal Mortality (NOT-OD-20-104), Research on Bioethical Issues (NOT-OD-20-038), CTSA Program KL2 Institutional Career Development Awards as part of INvestigation of Co-occurring conditions across the Lifespan to Understand Down syndrome (INCLUDE) Project (NOT-OD-20-022), and Development of Training Modules in Genomic Medicine for Health Care Professionals (NOT-HG-20-020).
