

Clinical and Translational Science Awards (CTSA) Program

Petra Kaufmann, **MD, MSc, FAAN**

*Director, Division of Clinical Innovation
Director, Office of Rare Diseases Research*

CTSA PROGRAM

Discovery to Better Health

CTSA PROGRAM: Engagement with patient partners

- *Example: Community engagement studios*

Vanderbilt University

Vanderbilt University Medical Center's Community Engagement Studio Toolkit

What can you do? Find out about research opportunities.

- *Improving Participant Recruitment*

Accrual to Clinical Trials (ACT) is a nationwide network of sites that share data and electronic health records to create a “federated” network with common standards, data terminology and shared resources.

What can you do? Consider participating in studies.
